

BOOSTER DOSES

Two doses of COVID-19 vaccine provide very good protection, especially against severe disease. A booster dose will make sure the protection from the first two doses is even stronger and longer lasting, and should help prevent spread of the virus.

A booster dose increases your protection against:

- infection with the virus that causes COVID-19
- severe disease
- dying from COVID-19

A booster dose will continue to protect you, your loved ones and your community against COVID-19.

If you have missed the initial booster vaccine clinic, Rosewood is endeavouring to organise a second round. If you have not yet provided consent for this please do so as soon as possible.

ROSEWOOD MENTORSHIP

Onon Jargalsaikhan just completed her Mentorship programme with Philippa learning about Leadership and Operations.

Onon started as a carer at Rosewood four years ago and recently progressed her career by becoming the store person at West Perth. In this role she is responsible for ordering, stock control and many other important duties.

Onon was a wonderful person to mentor as she was enthusiastic and keen to learn.

The confidence and knowledge she gained from the programme helped her secure her new position.

Well done Onon!

COVID-19 UPDATE

A new *Industry Code for Visiting Residential Aged Care Homes* was released in December 2021. This code suggests an approach that can help aged care homes to meet their obligations in consideration of various laws, directions, plans and guidance on visiting during COVID-19. Rosewood will be using this code as the borders open in WA. A copy of the code can be found here: <https://www.cota.org.au/policy/aged-care-reform/agedcarevisitors/>

Where local laws and directions are more restrictive than the code, Rosewood must follow the current laws and directions. Where laws and directions are not in place, the code will be used as a basis to ensure we maintain a safe place for residents, staff and visitors. Our aim is to stop COVID-19 from entering our facilities.

The code includes an 'Essential Visitor' policy which requires that residents are always permitted to have at least one visitor, regardless of the COVID outbreak

status. It also outlines three categories of Visitor status, each with its own infection prevention and control measures, ranging from Green when there is no COVID threat to Red when there is an outbreak in or adjacent to the facility. Please review the code and be aware COVID-19 vaccination status is one of the factors used to determine how/when a visitor can enter a residential aged care facility.

Rosewood currently is not imposing the full code but, when the state borders open on 5 February 2022, the code (along with any amended laws and directions) will be used to manage infection prevention and control in our facilities. All visitors are encouraged to show evidence of their COVID-19 vaccination status as well as influenza vaccination status. **As of the 31st of January all visitors must show their vaccine certificate as well as influenza vaccination status prior to entering our facilities.**

SAFE WA

Rosewood has registered for a SafeWA QR code for each of our facilities. The QR codes are now on display at entries to the facilities. This has been done in anticipation of the possible need for this beyond 5 February 2022. Residential aged care homes in the eastern states of Australia already have mandated requirements to have QR code scanning on entry. We also still require visitors to complete the entry screening questions to meet our regulatory obligations.

EXPOSURE SITES

Please do not visit a Rosewood facility or attend for work purposes if you have been identified as a close contact of a positive COVID-19 case, or if you feel unwell. Please continue to monitor the case exposure sites at <https://www.wa.gov.au/government/covid-19-coronavirus/covid-19-coronavirus-locations-visited-confirmed-cases> and follow the health advice listed on this webpage if you have been to any exposure site during the dates and times listed. Depending on the exposure site, you may be required to get tested immediately and self-isolate until you receive a negative test result or, monitor for symptoms and get tested and isolate if symptoms develop.

Brain Teasers

1. It's as light as a feather, but the strongest person can't hold it for more than five minutes. What is it?
2. The more there is, the less you see. What is it?
3. What gets more wet while it dries?

1. Breath 2. Fog 3. A Towel

WEST PERTH BUILDING FACILITY MANAGER

Bernd was born in Straubing - Lower Bavaria (Germany) & moved to Oz in August 2005. He is a plumber by trade & also has an IT degree in Software Development. Bernd started as a Croupier (Dealer) at Burswood Casino, then worked for a family business looking after their properties. Following that he was a Chief Engineer in a 5 star hotel. In his spare time, Bernd loves riding motorbikes, gardening & spending time with his 3 dogs. His favourite destination is Wedge Island, just North of Perth.

We are excited to have you on the Rosewood team Bernd !

ROSEWOOD MENTORSHIP

Manju has successfully completed her Mentoring programme with Philippa learning all about Operations and Leadership.

She was a very enthusiastic participant and gained much knowledge and confidence from doing the programme.

Manju started as a Carer five years ago at the old West Perth site and later secured a Nursing position when she finished her studies.

Rosewood likes nothing more than to see our staff grow and progress their careers with Rosewood.
