WELCOMING VANDA, WEST PERTH'S NEW OPERATIONS MANAGER

Many years ago, you could not get a job in an aged care home, so I decided to volunteer my time in lifestyle and managed to get a cleaning job in in the same aged care home. I then went onto do cert 3 and 4 as a carer. I then went onto doing my master's in management.

I have been in aged care all my life. I love that I have learnt so much from our aged residents and would never consider doing anything else.

I was born in Italy and my family migrated with 3 girls when I was 7 years old.

My mum then went onto having another child, so they had 4 girls. We grew up in East Victoria Park in a 2-bedroom house with 6 people living in the home.

I love to travel and my husband and I often go back home every 2 to 3 years (Italy) whilst Italy is a beautiful country we love spending a lot of our time down South.

In my spare time I love looking after my 2 grandchildren who live next door to me.
