

General Managers Message

It is with great pleasure that I can take this opportunity to introduce myself to you all at Rosewood Leederville, where I have been working for the past few weeks. My role as a General Manager Residential is that I am responsible for all aspects of care for both Rosewood sites - Leederville and West Perth. Ensuring the care, we provide to all our residents is the very best we can give. In these current times, this in itself is very challenging and influenced by factors which we find very difficult to control for example Covid-19. While we monitor constantly for this, as you are aware we have to be reactive to it and minimise the impact it has on our residents and staff.

I have been fortunate to have been working at Leederville and have met many of the family members, residents and visitors, while we recruited for our new Operations Manager. I am now pleased to announce John Bogoevski has been successful in his application and he has commenced with us from Monday 19th of December. John has a very been predominately working in Aged Care Community being

responsible for a large team of staff and many consumers. John has recently completed his Masters in Nursing and he looks forward to using all his expertise in working at Leederville. I will provide support to him over the ensuing weeks while he settles into his new role.

Also, I am pleased to inform you Sneha Michael who worked at Leederville for a number of years again has transferred from West Perth to the Clinical Service Manager's role. Sneha has responsibility for all clinical day to day management of residents needs and she will be supported by Shristi Shahe.

I am sure both John and Sneha will take the time to meet and work with you over the ensuing weeks.

Lastly, I would like to take this opportunity to thank you for your ongoing support to Rosewood Leederville.

Kind regards,
Jackie Shade

LEEDERVILLE

Operations Manager

Introducing Leederville New Operations Manager, John Bogoevski.

John was born in Australia and moved to Europe until the age of 15, where he grew up living between Croatia and Macedonia.

John started working at McDonald's as a teenager and after 3 years, was managing 2 of their restaurants. He then commenced a career in telecommunications in management roles with both Optus and Telstra & had the pleasure to work and live in Singapore briefly working for Optus Singtel.

John then worked for the Federal Government holding management roles in both Employment services and Centrelink.

He has worked in Aged Care since 2008 as case manager in community care and transition care & has led large teams in Aged Care over the years working for Amana Living, Catholic Homes

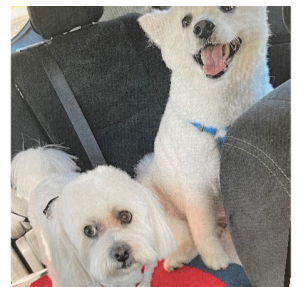

and Kincare, having also done several consultation projects with WA Public Health over the years.

John thinks the facilities at Rosewood are amazing. Also their focus on quality care & strong values which he says are demonstrated by staff on a daily basis.

In John's spare time he loves reading, watching history movies and daily walks with his 2 dogs Coco and Tiffany.

His favourite destination is Fiji - "I absolutely adore the blissful benefits of such exotic south pacific getaway!" - John said.

Welcome to Rosewood, John

New Staff: Clinical Nurse

Introducing Leedervilles New Clinical Nurse Manager, Sneha Michael.

Sneha was born in India & grew up in Kerala. She moved to Australia in 2012 to do her adaptation program and started her career at Hellenic Community Aged Care where she was for 10 years. Sneha was previously an RN here at Leederville from 2016 - 2021, before moving to West Perth for the Deputy Nurse Manager role. She has transferred back to Leederville as our new Clinical Nurse Manager.

Sneha believes Rosewood has a great culture and team members that make you feel comfortable, innovative environment & a clear and developed organizational structure.

Sneha likes to travel, and her dream destination is London, as she has seen it's picturesque views in many movies.

Welcome back to Rosewood Leederville, Sneha.
